Visa  
-----

¶3. (U) Holders of U.S. diplomatic or official passports must have a Japanese visa to enter Japan. Travelers on a U.S. tourist (blue cover) passport may enter Japan as a tourist without a Japanese visa for up to 90 days. As of November 20, 2007, all foreign nationals entering Japan, with the exemption of certain categories, are required to provide fingerprints and a facial photograph at the port of entry. This requirement does not replace any existing visa or passport requirements. Official U.S. travelers will have to submit to the photograph and fingerprinting requirement unless they travel with a valid diplomatic or official visa or a Note Verbale. The nature of the passport onto which the visa is pasted is not relevant, i.e. a tourist passport holder with a diplomatic or official visa will not have to submit to the biometrics collection process. SOFA personnel are exempt under SOFA Article 9 (2) from the new biometrics entry requirements.
